

CharGriller Akorn Kamado Instructions

CharGriller Akorn Kamado Adaptor Door Installation

Parts Needed:

- Akorn Kamado Adaptor Door

STEP 1
Remove the right screw from lower Damper Track.

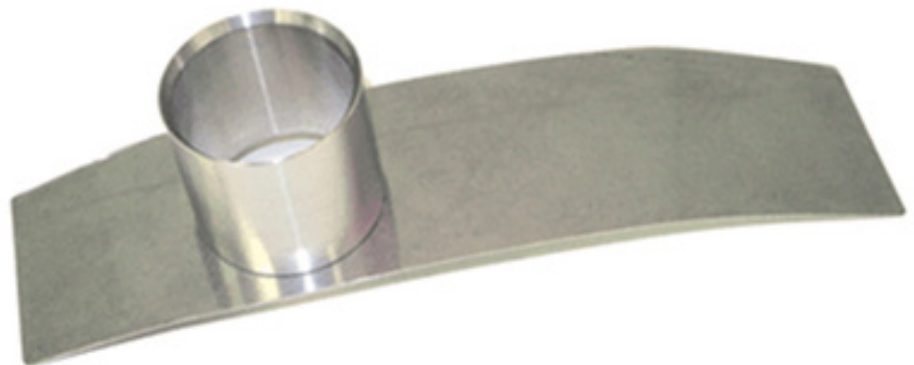

STEP 2
Slide Adaptor Door into the track from the right side.

STEP 3
Slide Adaptor Door all the way over to the left.

STEP 4
Screw Damper Track back on and push fan into Adaptor Sleeve. Installation is complete, you are now ready to cook.

This door was designed to fit into the CharGriller King Griller Kamado Kooker and Akorn Kamado door track. Comes with high-temp silicone kill plug.

NOTE: Run your probes into your cooker under the lid or through your top damper. Never run them through the firebox or bottom damper.
